

The Music Team is growing in stylistic, age + ethnic diversity all for + to God's glory. Our leaders + team members are growing in their faith of Jesus. Our times of musical worship minister to our team as much as they do to the congregation and the heart of The Father!

The Prov House was purchased to offer a safe, welcoming place for refugees to call home.

Prov began hosting a coalition of professionals + volunteers to help those coming out of prison to reenter society with dignity + hope.

The Dance Ministry created a dance that illustrates how humanity is often distracted by ignoring God. The song + dance invited us to ponder—are we ready for Jesus's return?

Celebrate Recovery has had an exciting year of growth! The amount of attendees has grown and we have seen leaders emerge from doing the hard work of Step Studies, which helps us dig deeper into some of the heart issues that affect our conduct and our relationships.

This year, we launched an **Emotionally Healthy Initiative** to equip our Life Group Leaders with tools that strengthen both their own emotional health and that of their group members.

2025 PROV MINISTRY IMPACT REPORT

PREPARING A PLACE

30+
